

Stored Foods

At certain seasons of the year, nature mothers us in generous lavishness; at other seasons she treats us as outcasts.

One great service rendered by Swift & Company to the consumer is in taking some of the surplus of nature's plenty and storing it against the season of non-production. This is a service based upon sound common sense and meets a definite economic need.

This enables you to obtain all the year round some foods which otherwise would be so abundant in certain months that the entire supply could not be used, and so scarce at other times that prices would be prohibitive.

Swift & Company has equipped its plants and branch houses with refrigerating plants, and has a sufficient number of refrigerator cars to carry a supply of meat foods to its customers. Space in public cold storage warehouses also is used by us to carry perishables until they are needed.

We store only enough meat, butter, poultry, eggs, and cheese to supply our customers during the period of scarcity and not to speculate on rising prices. Our storage profits during the last eight years have averaged about one cent a dozen on eggs, and less than a cent a pound on butter and poultry.

Storage of food is a world necessity and we regard our part in this as an important factor in our service in supplying the nation with wholesome food.

Swift & Company, U. S. A.

January Clearance Sale at THE MURRAY'S

SEVEN BARKS

Nearly half a century is a long time to faithfully serve the public, but that is what SEVEN BARKS, one of nature's greatest remedies to mankind, has been doing.

SEVEN BARKS has not been extensively advertised, but has enjoyed a wonderful and steady sale for many, many years, and purely upon its merits.

To those who may not be acquainted with the value of SEVEN BARKS we would say that it is absolutely a harmless and remarkable remedy, made from the extracts of different kinds of roots and herbs, every one of which has great medicinal value, scientifically blended, and for many, many years has been a reliable remedy for indigestion, constipation, liver, kidney and stomach disorders.

SEVEN BARKS has saved thousands of families large doctor's bills, as well as untold suffering. It is inexpensive—only 60 cents per bottle—which will last a long time, as the dose is from 10 to 20 drops in a little water after meals.

There is hardly a family but what some member is more or less frequently troubled with biliousness, indigestion, liver or kidney disorder. If you have never tried SEVEN BARKS, do not fail to do so, and watch the rapid and wonderful results.

Don't put off asking your druggist for SEVEN BARKS. If he does not happen to have it on hand, he will get it for you.

How to Make Pine Cough Syrup at Home

Has no equal for prompt results. Takes but a moment to prepare, and saves you about \$7.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2½ ounces of 100% B. A. pine oil, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make a full pint—more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means business. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pine and Syrup combination will stop it—usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pine is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2½ ounces of Pine" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pine Co., 11, Wayne, Ind.
